

Revising Index Methodology

In order to enhance index investability, Shenzhen Securities Information Co., Ltd. decides to revise existing index methodology. The details are as follows:

CNI Printed Circuit Board Index: (1) Change the index name and short name to CNI Printed Circuit Board Index and CNIPCB respectively, while the index code will be changed to 980115; (2) Modify the index universe to “Company business classified as PCB manufacturing, PCB materials and other fields related to printed circuit board”; (3) Revise the selection method to “Remove bottom 10% securities by daily average trading value within the latest 6 months and select top 40 securities by daily average total market cap within the latest 6 months”; (4) Revise the weighting method to “Set the weight of individual constituents in PCB manufacturing no more than 15%, the weight of other individual constituents no more than 3% and the total weight of top 5 constituents no more than 60% in each periodic review”.

CNI CXO Index: (1) Change the index name and short name to CNI CXO Index and CNICXO respectively, while the index code will be changed to 980120; (2) Modify the index universe to “Company business classified as drug discovery, clinical research, custom manufacturing and other fields related to CXO”; (3) Revise the selection method to “Remove bottom 10% securities by daily average trading value within the latest 6 months and

select top 40 securities by daily average total market cap within the latest 6 months”; (4) Adjust the weighting method to “ The weight of individual constituent no more than 15% and the total weight of the top 5 constituents no more than 60%”.

The revision will be implemented on December 30, 2025. For more details, please refer to CNI Index website (www.cnindex.com.cn).
