

Revising Index Methodology

In order to enhance the index investability, Shenzhen Securities Information Co., Ltd. decides to revise existing index methodology. The details are as follows:

CNI Memory Chip Industry Index: (1) Change the index name and short name to CNI Memory Chip Industry Index and CNIMCI respectively, while the index code will be changed to 980138; (2) Modify the index universe to “Company business classified as memory chip design, key materials and equipment, wafer fabrication, packaging and testing, end-product manufacturing, distribution and other fields related to memory chip”; (3) Revise the selection method to “Remove bottom 10% securities by daily average trading value within the latest 6 months, select securities in the memory chip design field, then select remaining securities by daily average total market cap within the latest 6 months in descending order, until the number of constituents reaches 50”; (4) Revise the weighting method to “Set the weight of individual constituents in memory chip design field no more than 15%, the weight of other individual constituents no more than 3% and the total weight of top 5 constituents no more than 60% in each periodic review”.

The revision will be implemented on January 27, 2026. For more details, please refer to CNI Index website (www.cnindex.com.cn).
