

## Revising Index Methodology

In order to enhance index investability, Shenzhen Securities Information Co., Ltd. decides to revise existing index methodology. The details are as follows:

CNI Nuclear Power Index: (1) Change the index name and short name to CNI Nuclear Power Index and CNINP respectively, while the index code will be changed to 980141; (2) Modify the index universe to “Company business classified as nuclear materials, nuclear equipment, nuclear power plant construction and operation and other fields related to nuclear power”; (3) Revise the selection method to “Remove bottom 10% securities by daily average trading value within the latest 6 months, select top 50 securities by daily average total market cap within the latest 6 months”; (4) Revise the weighting method to “Set the weight of individual constituents in nuclear materials and nuclear equipment no more than 15%, the weight of other individual constituents no more than 3% and the total weight of top 5 constituents no more than 60% in each periodic review”.

The revision will be implemented on February 27, 2026. For more details, please refer to CNI Index website ([www.cnindex.com.cn](http://www.cnindex.com.cn)).
